

Services

Our depth of experience in fine arts management helps us foresee the challenges that each artwork may face in its long-term care. We offer a range of services to accommodate the needs of each client and scale our approach to each collection.

Installation

Our technicians are trained experts in the safe and professional installation of a wide range of objects. Whether it's works on canvas, site-specific multi-media pieces, or monumental sculptures, our team delivers museum-quality results in both private and public settings. With a team of light rigging experts, we ensure that unique objects requiring hoisting, rigging, or other special techniques are handled safely by trained professionals.

Transportation

UOVO provides solutions for any transportation needs, from a single work to a large traveling exhibition, from local shuttles to international shipping. With unparalleled global fine art logistics experience, our team ensures that your shipments are delivered safely and on schedule. Our fleet of 9 air-ride, climate-controlled, and secure trucks are staffed by art handler drivers trained in museum standards for art handling and packing.

Packing and Crating

Our technical team can assist you in developing simple and safe packing strategies for your collection. From a single artwork to an entire exhibition, UOVO provides a wide range of solutions using the most advanced archival packing techniques and highest quality materials.

Collection and Project Management

Our team's diverse range of expertise and experience is a resource from which our clients can draw. We can advise you on how to manage your collection, or do it for you, using established best practices on everything ranging from conservation to complex moves, to database management and digitization.

Risk Management

We are prepared to assist you in planning for natural disasters and other events that present risk to your collection. UOVO has developed innovative solutions to help you manage your risk responsibly and effectively in a changing and unpredictable world.

TRANSPORTATION

With our robust transportation network and state-of-the-art truck fleet, UOVO provides a solution for any of your collection’s transportation needs, from delivering a single work to coordinating the movement of a large traveling exhibition, both locally and internationally.

Our fleet of 8 air-ride, climate-controlled trucks and 1 ProMaster van have Babaco alarm systems, GPS tracking, and are staffed by two drivers trained in museum standards for art handling and packing.

Our thoughtfully designed transportation network is structured to standardize the cost of transportation between Manhattan and our facilities in Long Island City and Rockland County. Our location-based pricing uses a flat rate for trips, eliminating additional charges due to traffic or unpredictable occurrences and providing a consistent and transparent experience for our clients. Pricing is equivalent between specific areas of Manhattan and each of our facilities, helping us to deliver a variety of cost-effective storage solutions without compromising accessibility.

A complimentary transportation service is provided for clients storing in our Rockland County facilities who reserve our Long Island City viewing rooms or conservation room.

Our fleet can accommodate wide-ranging transportation requests.

Truck Type	How Many	Door Dimensions (H x W)	Interior Dimensions (H x L x W)
High Cube #1	1	111" x 91"	114" x 24' x 91"
