## COLLECTION & PROJECT MANAGEMENT

Our experienced team can advise on everything from art conservation to digitizing your collection. We can arrange all requisite art services, including inventory audits, condition reporting, and database creation.

## OPTIONAL LOSS PROTECTION

Our Optional Loss Protection (OLP) program protects artwork against loss or damage while it is in our custody, either in storage at a UOVO facility or in transit while under our care and control. OLP can mitigate risk for clients who do not have a specialized fine art insurance policy or clients who wish to supplement their existing insurance by adding a layer of protection for the valued works in their collection.

## ART FINANCE

UOVO offers flexible and competitive financing options for artworks with a proven market value of \$1 million to \$25 million with loans up to 50% of the work's Fair Market Value. Using artwork entrusted to our care, UOVO provides peace of mind by protecting works with the utmost security for the duration of the loan agreement.

## PHOTOGRAPHY

UOVO captures high-resolution images of art, fashion, design, cultural artifacts, and rare objects. We handle everything from preparation to post-production. Images can be easily incorporated into our client portal to help digitize collections.
